- 25X1A 1. [] Comment. Shipments of construction material for the air force.
- 25X1C 2. [] Comment. Eleven of the sixteen railroad stations mentioned in the report can be compared with those in the previous report. - 25X1A 3. [] Comment. Traffic patterns and [] shipments. Flying regiments of the Twenty-Fourth Air Army, equipped with Il-28s, were stationed at the airfields of Werneuchen, Welzow, Finsterwalde, Brand and Jueterbog-Altes Lager during the time of observation, until about late June and early July 1953.
- 25X1A 4. [] Comment. Arrival of construction material for the enlargement of the airfields at Schorfheide and Oranienburg. The small quantities shipped to Damgarten were possibly used for the construction of splinter-proofboxes or other small constructions.
- 25X1A 5. [] Comment. Zanar (fnu) is known as receiver of food ration supply in Koenigsbrueck.
- 25X1A 6. [] Comment.
